BUSY BIDEFORD

Sir Groucher. "It's no use," groans Sir G. "you just can't do anything here. The men won't work together, they begin all right then drop out and finally the whole thing is dead." The Newsman has little use for the folks of little faith. Towns can grow into progressive, up-to-date, alive places with many of the comforts of city conveniences, if, eye there's the rub, if only the men folk will learn the meaning of the following words, *altruism, harmony, team-work, progress, communal life, of-the-get-together-for-the-better type*. After all, its well worth while from a business point of view to look into the matter and try to magnetise the town until its attractions will draw here the money that is going out of the district.

Our Boys! Bideford is losing her bonny boys and the Kaiser will find he has some pretty stiff work to keep ahead of the boys from the West. Oscar Woodward, Fred Larson and Stanley Bethairs left for camp. A dance was given which was well attended by the usual crowd of good-hearted folks who like to give the boys a kindly farewell. The sum of \$30 was presented to them, as a parting gift. The boys thanked the company and requested that the money be given to the local Red Cross. Bravo, Boys!

We get a bigger, busier town each week. Two new Fordson Tractors arrived this week and will soon be at work turning the soil of Sunny Alberta into golden grain. We hear from old country farmers that Canada is away ahead in implements; here, one man with levers and cranks can do the work of half a dozen of the old-time slow-coach methods of man labor. Good success should attend all the folks around Bideford for they certainly do their utmost to keep not only abreast but ahead of the times.

The Long, Long Trail. Our trails here may be long, but the autoists soon make short work of even the longest. It is good news to hear we are to have an Auto Club here, to be affiliated to the Alberta Motor League. Not only will the auto men benefit, but the whole community, for the object of the league is an excellent one, the improvement of the roads, benefiting the farmer, his wife and kids just as much as the man behind the wheel. The Alberta Motor League has this excellent slogan, "Lift Alberta out of the ruts." Everyone who would like to assist in this praiseworthy task should communicate with Mr. Walker the Station Agent and he will tell you how to do it.

The Stork. Congratulations to Mr. and Mrs. Frank Murphy on the arrival of a little daughter. This is the Woman's age and Heaven's gift of a girl is now looked on in a different spirit from the time when people said in tones of disappointment, "It's only a girl." There is as much rejoicing, or should be, over the stork bringing a maid as if it had brought a man, for women are coming into their own.

Progressives. The Wheatseaf School District has been informed, along with other schools, of the Calf and Pig Feeding competition with handsome prizes for the children, but, alas and alack, out of the 9 schools invited to join this excellent contest only two have entered. There is no sense to this at all, if the district means to succeed agriculturally we must have vision we must see that the hope of the country is the children, they will in a very few years be the ones to take on life's responsibilities and there is no better preparation than a keen interest in stock raising, horticulture, agriculture, etc., in the early impressionable years. The date has been kept open till June 10th. Who will enter?

The Fair. We hear that the Fair this year is to be the biggest and best we have ever seen. That is as it should be, we have a business man for a Secretary, one who is alive to the possibilities of a rising town like Busy B. and is right there on the spot in everything progressive that will mean the betterment of the community.

Cent a Tail. The Gopher Killers will receive their rewards on Red Cross night. We hear of a dark horse that will surprise everyone and come in first. Good luck to the kids who are doing the grand national work of clearing the land of pests. By the way, all tails will count towards the Fair contest, so keep at it boys and girls, for the Fair prizes will be worth having.

Everyone will be sorry to hear that Percy Strickland has inflammatory rheumatism and is confined to bed.

Stanley Bethairs is home again till July when he will leave for 'over there.'

Sounding Creek was the destination of the picnicians on Victoria Day. Despite the bad weather 3 carloads left to spend the day in merry-making, the evening ending pleasantly with the Kivie dance, where a large sum was made for the Red Cross. The comment of the dancers was that it was delightful to dance to such delightful music. That is one of the great seeds of the prairie towns, good music and more of it.

The Red Cross Sign. We are right glad to see on High St. a fine 'big Red Cross, the sign of social service. We know that behind the Cross there is a lot of good work being done by the ladies, not only in knitting socks but in other ways too numerous to mention. "Keep carrying on" is the advice of the whole nation. Its up to us to see that our boys do not lack for any comforts when they lie in pain that must be the very pains of hell itself after the German gas has done its work.

Mottos for the Town. Do unto others as you would etc. A soft answer turneth away wrath. Its never too late to mend one's manners. Pack up your troubles and clear out if you mean to grouch, grouch.

Lost. One day last week, on High St. a good temper was lost. Of no value except to the owner. Has anyone found it?

Your Sub. If your subscription is overdue please leave it at the Store with Alice.

One of Bideford's bonniest girls is leaving business and everyone will miss her merry smile and jolly manner in the store. Alice was a capital business girl, and could coax the bachelors to buy any thing she liked to mention, even copies of the News. She is a fine concert artist with much natural talent and her songs were always a decided hit. We shall all miss her and wish her good luck.

Club Life. We should like to hear the views of the men folk on a Club House such as the Women's Institute are thinking of starting. It would need financing but there are plenty of rich folks here who have made good out of the country and it is up to them to show their gratitude by supporting every progressive movement for the betterment of the place. Any suggestions will be gladly received.

Note and Comment

The attention of all young men is drawn to the notice, on this page, under the Military Service Act. All those who are now of that age or will be shortly are warned to report to the Registrar of their district.

Saving food is as essential as growing it. The people that save are doing more important work than those who have a backyard garden and yet waste food. Food conservation is necessary in this country as well as in Britain, where posters proclaim:

If U fast, U beat U boats,
If U feast, U boats beat U.

In Deerfield, Ill., the village marshal, the constable, the deputy sheriff, the inspector of the water mains, the reader of meters, the fire department, the weed eradicator and the janitor of the school has resigned.

"We are trying," writes S. J. B., "to find a man to take his place."

Apropos to the recent tax increase on cigars, etc., the dealers are demanding that the poor man's smoke, the "two-fer" should be saved. If some of the stogies were taxed high enough to stop their use, the people in general would be thankful. A cigar that tell its coming several blocks away is not a cigar; it is a gas attack.

The wandering chicken is a menace to increased production and as much as it is desired to see the egg output kept up, it is important that the roaming "biddy" be confined to a limited space or else its scratching days ended, with an axe. Hens that visit the whole neighborhood and are rarely to be found on their own premises, are the cause of many an estranged neighborhood. As lions and vegetables don't synchronize, the order to fight the Hun thru our back yards is going to peter out if the feathered flock is not kept at home.

All arrangements are about completed for the big sports on Friday, June 14th: A long list

of events has been prepared and will include baseball, foot races, jumping etc., auto and horse racing, tug-o-war, and other field events. Bronco busting, callithumpian parade and to wind up with a big dance.
